# Safety Data Sheet (SDS/MSDS): SOCHLOR GRANULES

16-section OSHA/GHS aligned reference sheet | صحيفة بيانات سلامة مرجعية من 16 قسمًا

| | |
|---|---|
| **Product identifier** | Likely sodium dichloroisocyanurate disinfectant granules; exact product label not provided |
| **Recommended use** | Chlorine-releasing disinfectant granules for spill/surface disinfection only as labeled. |
| **Prepared for** | Al Sultan Medical Complex / مجمع السلطان الطبي |
| **Date prepared** | 17 August 2026 |
| **Verification note** | Exact active chlorine content, excipients, and manufacturer data were not provided. This SDS uses sodium dichloroisocyanurate/troclosene sodium data; dust hazards are emphasized for granules. |

## 1. Identification / التعريف بالمادة

| | |
|---|---|
| **Product identifier** | SOCHLOR GRANULES |
| **Other means of identification** | Likely sodium dichloroisocyanurate disinfectant granules; exact product label not provided |
| **Recommended use/restrictions** | Chlorine-releasing disinfectant granules for spill/surface disinfection only as labeled. |
| **Supplier/manufacturer** | Not verified from attachments; obtain original manufacturer SDS for supplier details. |
| **Emergency phone** | Use local emergency services/poison center; product-specific number not verified. |

## 2. Hazard(s) Identification / تحديد المخاطر

| | |
|---|---|
| **Classification** | Harmful if swallowed; causes serious eye irritation; may cause respiratory irritation; very toxic to aquatic life; chlorine gas release with incompatibles. |
| **Signal word** | Warning |
| **GHS pictograms** | Exclamation mark; Environment; Oxidizer may apply depending on dry product formulation |
| **Hazards not otherwise classified** | Commercial product-specific hazards may exist if the actual formula contains unlisted additives. |

## 3. Composition / Information on Ingredients / التركيب والمكونات

| Ingredient | CAS/Identifier | Concentration/status |
|---|---|---|
| **Sodium dichloroisocyanurate / sodium dichloroisocyanurate** | CAS varies including 51580-86-0 | Assumed active ingredient; not product-verified |

| | | |
|---|---|---|
| **dihydrate** | | |
| **Granule excipients** | Mixture | Not verified |

## 4. First-Aid Measures / الإسعافات الأولية

- Inhalation: move to fresh air; seek medical attention for cough, sore throat, wheezing, or breathing difficulty.
- Skin: remove contaminated clothing; rinse with water/shower; seek advice if irritation occurs.
- Eyes: rinse with water for several minutes and obtain immediate medical attention.
- Ingestion: rinse mouth; do not induce vomiting; give water if conscious; obtain medical attention.

## 5. Fire-Fighting Measures / مكافحة الحريق

- Use large quantities of water to fight fire and cool containers.
- Fire/decomposition may generate chlorine and corrosive/toxic fumes.
- Firefighters should wear SCBA and chemical protective clothing.

## 6. Accidental Release Measures / إجراءات الانسكاب العرضي

- Prevent dust dispersion. Evacuate unnecessary personnel.
- Do not allow into drains or waterways.
- Collect with clean, dry tools into dry containers; keep away from combustible absorbents.

## 7. Handling and Storage / التداول والتخزين

- Avoid breathing dust. Do not mix with acids, ammonia, other disinfectants, or organic matter unless label directions require.
- Keep container tightly closed and dry.
- Store in original container away from heat, moisture, combustibles, acids, alkalis, reducing agents, and drains.

## 8. Exposure Controls / Personal Protection / التحكم بالتعرض ومعدات الوقاية

- No product-specific exposure limit available; minimize airborne dust.
- Use local exhaust or respiratory protection during dusty transfer.
- Wear gloves, protective clothing, eye/face protection, and suitable particulate/chemical respirator for dust.

## 9. Physical and Chemical Properties / الخواص الفيزيائية والكيميائية

| | |
|---|---|
| **Appearance** | Granular solid; color not verified |
| **Odor** | Chlorine-like |
| **Solubility** | Soluble/reactive in water releasing available chlorine |
| **Flash point** | Not applicable |
| **Environmental hazard** | High aquatic toxicity for concentrated active ingredient |

## 10. Stability and Reactivity / الثبات والتفاعلية

- Decomposes on heating and contact with water; may produce chlorine.
- Reacts violently with acids, alkaline compounds, hypochlorites, reducing agents, ammonia, and organic/combustible materials.

## 11. Toxicological Information / المعلومات السمية

- Dust may irritate nose, throat, and respiratory tract.
- Eye exposure may cause severe irritation or burns.
- Ingestion is harmful and may cause burning sensation and gastrointestinal irritation.

## 12. Ecological Information / المعلومات البيئية

- Very toxic to aquatic life and may cause long-term effects.
- Contain firefighting runoff and avoid environmental release.

## 13. Disposal Considerations / اعتبارات التخلص

- Dispose of unused product, residues, and contaminated packaging according to Saudi/local hazardous waste and infection-control procedures.
- Do not pour concentrated hazardous chemicals to drain unless the product label, facility procedure, and local regulation allow.
- Do not mix chemical waste streams; segregate oxidizers, flammables, chlorine-releasing products, and antiseptics.

## 14. Transport Information / معلومات النقل

- Dry dichloroisocyanuric acid salts may be UN2465, Class 5.1, Packing Group II; verify against actual product.
- Transport classification can change with package size, concentration, and local modal rules; verify before shipping.

## 15. Regulatory Information / المعلومات التنظيمية

- Prepared to follow the 16-section SDS format used in OSHA/GHS-aligned hazard communication.
- Sections 12-15 are included for completeness although some jurisdictions treat them differently.
- This document is not a substitute for the original manufacturer SDS, label, Ministry/SFDA requirements, or facility chemical risk assessment.

## 16. Other Information / معلومات أخرى

| | |
|---|---|
| **Prepared by** | Codex-assisted reference compilation for Al Sultan Medical Complex |
| **Revision** | 1.0 |
| **Preparation date** | 17 August 2026 |
| **Reliability statement** | Public authoritative sources were used where available; unverified commercial |

| | |
|---|---|
| | product data are explicitly marked. |
